Lions Club Offers To Purchase Squad Car for Village

A plan for providing Antioch with night police protection was partially worked out at a special meeting of the village board at which a committee of the Antioch Lions club appeared last night.

Described by Trustee Winsor Dahlgaard as a very interesting and constructive meeting, the session was productive in that a basis for future consideration of the problem was reached.

Roman Vos, chairman of the Lions committee and spokesman pointed out the desirability of night police protection in a short talk after the meeting opened, and he was followed by John Dupre, who asked whether or not the members of the village board were in favor of going ahead with some sort of plan. On being assured that the board was in favor of the move if money could be arranged for to take care of the costs, Dupre said that he was certain that some method of financing could be worked out.

Bruno Manzardo, a third member of the committee, suggested that the old idea of a tax on business houses considered by the board some time ago be brought up for consideration again. This plan was not favored by members of the board for the reason that certain businesses can not be taxed in this way and it was thought to be unfair. Manzardo countered with the suggestion that business men be canvassed for voluntary contributions, and expressed the view that most business men of the community would be glad to help pay for night fire and police protection.

Members of the committee then revealed that the Lions club would provide a completely equipped squad car at no cost to the village, if other difficulties could be worked out. Trustee Arthur Rosenfeldt said that at present only about \$100 monthly would be available from the parking meter fund, but that when the meters are fully paid for, perhaps by next August, and certainly by January 1949, that the income would be sufficient to cover the cost.

Members of the Lions club committee were optimistic as to the results of a canvass of business men, with a view to helping pay for the move, especially since the burden would be taken up by the village after one year, according to present tentative plans.

The meeting was presided over by Trustee W. L. Scott, in the absence of Village President George B. Bartlett. Sickness prevented the attendance of Trustee James Mapleton. The Lions club was represented by Roman B. Vos, John Dupre, Bruno Manzardo, Rudy Eckert and Jas. McMilen. Five other members of the committee did not attend.

Oil Heater Explodes; Causing \$75 Damage at John J. Smith, Jr. Home

When an oil heater exploded at the John J. Smith, Jr., residence on Addison lane, Felter's addition, Lake Catherine at 7:30 p. m. Sunday, \$75 worth of damage was done to house furnishings.

The fire was confined to the one room and was extinguished by the Antioch fire department.

A strong wind blew down a smoke pipe on the outside of the house and the draft that entered the shortened pipe cut off the escape of the fumes in the stove and caused them to explode into the house, spraying fire over the furniture.

Three Persons Injured In Collision Sunday

Three persons were injured, none seriously early Sunday when cars collided on Rte. 173 near Kilbourne rd.

The accident occurred when William F. Hogan, Wadsworth, driving east, swerved across the traffic line and struck the westbound car driven by Larry R. Schau, 22, of 1151 W. 70th st., Chicago.

Schau suffered minor lacerations and J. C. Dorn, 23, and Eugene McDaniel, 22, both of Los Angeles who were riding with him were cut and bruised.

They were taken to Victory Memorial hospital by the Antioch Rescue squad for treatment.

Many Calls Keep Rescue Squad On Jump During Week

Icy conditions on the roads causing automobile accidents, fires and other accidents have kept members of the Antioch Rescue Squad extremely busy during the past week, with six calls being answered since last Thursday.

Three calls were answered on last Thursday, the first of which was put in at 1:15 when a car driven by H. Colburn, of Chicago, struck a milk truck about 2 miles south of Lake Villa. His wife who was in the car was mortally injured and died later in the night at St. Therese hospital where she was taken after first aid by the squad. A second call on Saturday summoned the squad to the scene of a fire at Channel Lake. At 8:15 p. m. the squadmen went to the intersection of route 21 and the Soo Line track overpass near Lake Villa where icy conditions of the road had caused an automobile accident involving five cars. None of the occupants of the cars were injured, the only damage being to the cars.

On Monday the squad was summoned to the home of Mrs. M. O'Neil, Millburn road. She had fallen on the ice and sustained a serious back injury. She was taken to a Waukegan hospital.

Dud Kennedy Injured

The squad was called this morning at about 10 a. m. to the Standard Oil bulk station where Manager Dudley Kennedy had fallen from a tank car and received an injury to his left foot. Dr. D. N. Deering was summoned to the scene and X-rays disclosed that while no bones were broken, there was a dislocation of three bones. Kennedy was taken to a Waukegan hospital for anesthesia and relocation of the bones.

County Board Appropriates \$7,500 to Finance Probe Of Gambling in Lake Co.

While the Lake county grand jury conducted its investigation this week of gambling, the county board of supervisors on Tuesday voted an appropriation of \$7,500 to finance it.

The vote came on the request of Okel S. Fuqua, special prosecutor named by Circuit Judge Ralph J. Dady to conduct the probe. Twenty-three members of the board favored the appropriation and nine opposed it.

Swanson's party in celebration of his twenty-second anniversary as owner of the theatre brought to the community some top artists who gave an excellent performance.

There was one regret on Swanson's part and that was that the theatre was not large enough to include all of his friends and patrons. He is planning to give another party at an early date for those who could not come at this time. He then plans to have Franz Pfau, Chicago piano artist and staff soloist for the National Broadcasting Co., who was ill and could not be on the program Friday.

Among the artists providing Friday evening's musicals were Joe Englehardt, New York violinist; Harry Strum, cellist; Wayne Vandine, NBC tenor; Edward Stack, baritone; and Lois Wallner, soprano from WGN.

The stage appointments were perfect for the occasion. Mr. Swanson served as master of ceremonies, announcing each number. He was interrupted at one time by C. K. Anderson, local banker, who took opportunity to give a few words of appreciation to one of the guests.

A floral gift of congratulations graced the lobby of the Antioch theatre.

Increases on person-to-person calls begin at 34 miles and are 5¢ or 10¢ up to 375 miles. These increases become effective December 5.

Certain special business services such as business telephone installation charges and rates for private branch exchange trunks are increased.

Manager Little said the Company estimates that taxes will take some 40% of the \$25 million increase.

In commenting about the new rates, G. K. McCorkle president of the company, said:

"We regret that the full amount was not awarded, for it was all needed to restore adequate earnings. However, we are grateful for the added income for we have operated in the red for most of 1947. If the order restores some measure of financial stability, it should help secure from investors the money needed to continue our statewide service improvement program which is now in full swing."

Sequoits Have Losing Streak, Drop 3 Games; Play Wauconda Friday

Pappooses Lose But One, Even Beating Bensenville And Grayslake

After losing two of the last three games by close scores, Antioch High is hoping for a break in her game Friday night at Wauconda.

The Sequoits dropped a ragged game to Grayslake there Tuesday afternoon by a score of 28 to 26. It was anybody's game to the very last, Antioch missed many easy shots under the basket.

The Pappooses won their game by a score of 35 to 30. The Freshman-Sophomore team suffered its first defeat at Ela Township High Saturday evening. It was clearly an off night for the Paynies boys, but Tuesday's victory showed they were back in the groove.

The varsity lost to Ela at Lake Zurich by a score of 29 to 27. The battle was fought nip and tuck throughout and it is the belief of Coach Kruzan that his is the better team this year.

Bensenville has about the best team in the conference this year. The Sequoits found out last Friday to the score of 24 to 60. The visitors had the advantage the entire game and were never threatened.

There was some consolation during the evening in the victory of the Paynies over the Bensenville Jayvees. The Antioch underclassmen took the long end of the score of 38 to 35.

"No Place For Young People"

The avowed purpose of socialism is to equitably distribute a nation's wealth. What it actually does is to spread the poverty. And, in the process, it does an extremely effective job of destroying incentive, opportunity, and ambition, as well as wealth.

An illuminating example of that is found in a recent editorial in the Portland Oregonian. Some time ago the Oregonian's circulation manager carried on a correspondence with a printer in Dorset, England, and sent him a number of the paper's big Sunday issues. Now, the printer writes, he and his family have decided to emigrate to Oregon. They plan to come in January, even though he has no assurance of finding a job and will be confronted by a severe housing shortage when he reaches his new home. His reason for making so long and difficult a move is stated in this paragraph: "England today is no place for young people such as mine, who are ambitious. The days of private enterprise over here are numbered. Frustration and inertia have come in with a rush, and everyone emulates Mr. Micawber, just waiting for something to turn up." It is a sorry picture, and not all due to the war. We shall be glad to pull out."

That simple declaration goes straight to the heart of Britain's decay, and cuts deeper than realms of statistics and volumes of economic theory. Socialism means the triumph of the bureaucrat. It means that all the energies and resources of the nation become the property of the politicians in power. It means that the poor, no less than the rich, are getting poorer. Worse still, it means that the individual spirit and drive which created an empire on which the sun never set

is rapidly being throttled to death. So the printer from Dorset is bringing his family to a nation where free enterprise still exists, and opportunity is open to all. Other English men and women are emigrating by the thousands to Canada and elsewhere. They love the soil of England still, but they cannot bear to watch the disintegration of the qualities that made her great.

The duty of the American people is to maintain a nation and a political system which will not tolerate the political forces that are destroying England.

The Retailer's Story

Congressional hearings on the subject of commodity prices have now been held in a number of key cities throughout the country. A great volume of testimony has been heard, from manufacturers, retailers, labor organizations, consumer groups, etc. Much of the testimony, naturally, has been sharply opposed. But on one point near unanimity has been achieved—retail business has not been responsible for price inflation but, to the contrary, has fought it in every possible way.

A number of representative retailers have testified that their mark-ups are lower than ever. The profits made, after expenses, on each dollar of sales, are figured in pennies. This is true of the big chain systems, of independent, of department stores, and of all other elements in the retail system.

The operator of a clothing store said that if his prices were reduced only 8 percent, he would sustain a substantial loss for the year. That is indicative of the position of retailing in general.

The contribution of retailing to holding price increases to the minimum has been positive. Operating costs have been pared when possible. Stores have refused to stock items which their buyers considered overpriced. Retailers have worked with manufacturers to produce better quality goods. And many stores have shown evidence that their gross profit is lower than under OPA.

Prices, in short, are beyond the control of the retailer. He is performing an exceptional job under the most difficult conditions. That job should be given the public recognition it has so thoroughly earned.

The Youth Fellowship has announced plans to carol in the community Christmas Eve this year, the details of which will be announced later.

WOMAN'S CLUB MEETING**

Constance Merrill, soprano, and Marilyn Blouch, pianist, and accompanist, will entertain at the meeting of the Antioch Woman's club Dec. 15 at the home of Mrs. W. C. Petty. They are student artists at the American Conservatory of Music.

**Ten Units Represented
At P. T. A. Council Held
Dec. 1 at Waukegan High**

The Lake County Council of Parents and Teachers held its second meeting of the year on Thursday evening at the Waukegan Township High School, with Mrs. Wm. Lippert, the president, presiding. About 35 persons attended the meeting and 10 local units were represented. The program title for the meeting was "Protective Service—What is Being Done About It?" The hosts for the evening were the Waukegan Township High school and Spaulding Grade school PTA's.

Mrs. Lester Vickers, council music chairman, led the group in singing "America" and several Christmas carols.

A nominating committee was elected. Mrs. Wm. Cazel, chairman; Miss Nita Benedict, and Mrs. Rockwell Schwartz.

A girl's trio composed of LaDonna Trapp, Betty Leskelaie, and Loretta Zylus, accompanied by Betty Dowden sang two Christmas songs "Jolly Old St. Nicholas" and "Winter Wonderland."

The principal speaker of the evening was Judge Minard Hulse who spoke on "Juvenile Delinquency in Lake County." Mr. Hulse stated that the major emphasis today is to help the child to take his rightful place in society with the help of a good home, the school, and the church. He also stated that there is a fear of courts on the part of the people, but the last thing the court wants to do is send a child to a corrective institution; instead it wishes to give counsel and advice.

A panel discussion then followed with Mr. D. W. Thompson, and Mrs. Wm. Cazel taking part.

The next and last meeting of the year for the Council will be held March 22, at the Central school in Libertyville.

Women's Auxiliary meeting Mon-

day, December 15 at the home of Mrs. Hawkins.

Mrs. M. M. Stillson and daughter, Bee, left Thursday for Volin, S. D., where they will spend Christmas and be present at the celebration of the Golden Wedding of Mrs. Stillson's parents, Mr. and Mrs. R. F. Benzer.

The seal sale last year, as in years past, enabled the association to carry on a five point tuberculosis control program which included free chest clinics, tuberculin testing surveys, mass x-ray surveys, nursing service and a health education program. Through this work our residents have been either directly or indirectly guarded and benefited.

Mrs. Mabel McCullough, Seal Sale Chairman, urges contributors to mail their gifts as early as possible. Mrs. McCullough is hopeful that the association will retain its honor of first place in gross Seal Sales of all counties in Illinois outside of Cook county in this 1947 Christmas Seal Sale. If it wins this year it will be the fifth consecutive year for this honor. To carry on the work of the Assn.—Buy and Use Christmas Seals.

**Legion Auxiliary
To Help Veteran
Asthma Sufferers**

In cooperation with the state organization of the American Legion Auxiliary and its 170,000 members, the Antioch Unit is assisting indigent asthmatic veterans of Illinois by providing a new drug, vaponefrin, for their relief, according to Mrs. L. R. Van Patten, Unit President. This newly inaugurated project of the Auxiliary does for the asthmatic sufferer what the Auxiliary's insulin project, which has been in operation for many years, does for the diabetic veteran. "Hospital authorities have proven to us," said Mrs. Van Patten, "that often if a veteran asthmatic could afford the initial cost of vaponefrin vaporizer and medication, that his hospital bed could be vacated, and he could return to family life. Through arrangements with druggists belonging to the Chicago Retail Druggists Post of The American Legion, who have handled our insulin supply for us for 10 years, we have been able to arrange the mechanics of furnishing vaponefrin to our veterans."

Any Illinois man or woman veteran suffering from asthma, who cannot afford to purchase this Veteran Administration approved relief for himself, can make application through the Director of Hospital Services, American Legion Auxiliary, 35 East Wacker Drive, Chicago 1, Illinois, or make inquiries through Mrs. Walter K. Hills, Unit Rehabilitation Chairman. If the patient is hospitalized he may apply through the Social Service Department of The American Legion Liaison Officer. In homebound cases, the local American Legion Post Service Officer or Auxiliary President will certify that he needs and is worthy of Auxiliary aid. The same procedure is applicable for receiving insulin.

**Substitute For
Newspaper Still
Not Discovered**

Inventive men never cease their search for more novel advertising mediums. Some thought the high point had been reached with signs on circus elephants and billboards or the ceilings of barber shops. But then came ads on license plates, ads on postage stamps in some countries, signs on the bare knees of pretty girls, and innumerable other tricks.

Latest of these hopeful inventors is a Pittsburgh man who plans to sell advertising space on egg cartons. Perhaps by next year somebody can teach the hens to lay eggs with an ad on each one or with a small billboard inside each egg.

But while all this "progress" was underway, the hometown newspaper has gone ahead steadily, increasing its circulation, improving its news coverage, providing better advertising service, and serving its community better than ever before.

Newspaper advertising still is the surest and most effective way to reach the greatest number of buyers in this community. Trick stuff may amuse you or seem cheap, but newspaper advertising carries the message and sells the goods. There is no substitute for it.

Attends Conference Meeting
Principal T. R. Birkhead attended a meeting of principals of the Northwest conference last evening at Palatine. They devoted the meeting to a discussion of school building plans.

Officers elected were Walter Kuligowski, president; Bernard Haviland, vice president; Mary Ellen Campbell, secretary; and Barney Cosgrove, treasurer. Advisors, The Rev. Fr. F. M. Flaherty and Fr. Gilbride.

Library News

Four excellent books have been added to the Library's shelves in memory of Mrs. Homer LaPlant. "The Winged Horse" is a readable and valuable book about the poets and their poetry. A companion volume, "The Winged Horse Anthology," is especially designed to introduce younger readers to a fine collection of worthwhile poems. Another collection, Alice Dalgleish's "The Enchanted Book," is a beautifully illustrated book of fairy tales. "America Sings" is composed of twenty-nine distinctive folk tales from America's past with a gay folk song arranged for group singing. "America Sings" is a unique way for children to learn the pioneer spirit and legends of America's accomplishment.

The 13th edition of William Chaffers' "New Collector's Handbook of Marks and Monograms on Pottery and Porcelain" was donated to the library in memory of Mrs. Sidney Kaiser. This book will be of great help to all who have antique dishes and wish to identify their markings.

A year ago, the community was shocked to hear of the tragic death of Lucille LaPlant. On this first anniversary of the tragedy, three beautiful and useful books have been presented to the Antioch Township Library in memory of Mrs. LaPlant.

"Fireside Book of Folk Songs" is a collection of ballads, work songs, carols and spirituals arranged for the piano. The selections are the familiar songs we have heard and loved since childhood.

"Song of Robin Hood" also contains ballads arranged for the piano and telling the story of this beloved legendary hero. This is a book to delight old and young, for Virginia Lee Burton's illustrations are a marvel of design and beauty. "A World of Stories for Children" contains all the old favorite fables, myths, folk and fairy tales. All the members of the family will enjoy an evening at home with one of these entertaining books.

New Shoe Cloth

Tested in the shoes of jungle fighters during the war a woven plastic screen cloth is being produced for the civilian market. Recommended for sports and industrial footwear, it is said to help prevent calluses, blisters, athlete's foot and other afflictions resulting from insufficient ventilation in boots and shoes. It is resistant to odors and can be washed.

Carriage Trade Gains

Little people are big business. The baby-food industry reached the 100 million dollar mark last year from the sale of cans and jars of strained and chopped foods. Sales increased 77 per cent in five years. Baby foods are the largest single item among canned goods, and, in volume, represent about 3.5 per cent of all canned fruit and vegetable sales.

Heart Disease Leads

Heart disease was the leading cause of death among life insurance policyholders in 1946, accounting for one-third of all deaths in the year, Institute of Life Insurance reports. More than 400,000 life insurance policies were paid as claims for heart disease deaths last year. This was more than twice the number paid for deaths resulting from cancer, second largest cause of death during the year.

Alcohol From Manioc

Brazil now manufactures commercial alcohol from manioc (cassava). The starch from this plant is the Brazilian arrowroot of commerce. In Florida, where sweet cassava is grown, the roots are grated and used directly as a food for man and also fed to stock.

Make Wallboard Putty

To fill cracks in wallboard, an economical putty can be made from paper which is boiled to a pulp. Add whiting to make a stiff paste and enough glue to hold the mass together.

LAKE VILLA

You are invited to attend the services at the Community church during the coming Christmas season. The various organizations of the church will unite in providing "White Gifts" to be brought to the church and later sent to Lake Bluff Orphanage to make their holiday season a happy one. The gifts may include boy's clothing, books or food.

The Woman's Society of Christian Service will meet Wednesday afternoon, Dec. 17, for the regular meeting and Christmas party including Christmas gift exchange. The new officers will also be installed by Rev. Dixon. Mrs. Boyer holds over as pres., and Mrs. Bray has been elected vice-president; Mrs. Dunbar and Mrs. Wehr hold over as sec., and treasurer; and Mrs. Avery has been elected as cor. secretary. Mrs. Heuer and her mother, Mrs. Blair, will be hostesses for the day, and visitors are welcome. Those privileged to be present at the last meeting enjoyed the talk about Turkey by Miss Roberts, who is planning to return to Turkey to resume her work in the school there very soon.

The children of the church school are preparing a program for presentation on the evening of Sunday, Dec. 21, at the church.

The work of improvement at the church is going on in the church basement where new ceiling, wall and floor will add much. A new stove and sink will be added to the kitchen and altogether will be more beautiful and convenient. The new lights have been added to the sanctuary and adds much.

On Monday and Tuesday, Dec. 15 and 16, the children of the church school will have their pictures taken individually at the church by the Lor Mic studios, of Chicago, and pictures will later be framed for use of church school.

Rev. Dixon's sermon topic for next Sunday's worship service at the Community church is "Living in Expectancy."

Mrs. Neil Reidel spent Monday in Chicago.

Mrs. Charles Rother and daughter, of Chicago, came Friday and remained until Sunday with her parents, Mr. and Mrs. Albert Kapple.

Mrs. Emma Sorenson with her daughter, Mrs. Frank Paskansky, of Waukegan, visited relatives in Ironwood, Mich., over the Thanksgiving holidays and David and Betty Paskansky spent the time with their cousin, Howard Sorenson at his home at Monaville.

Don Sherwood is spending a few weeks with his grandmother, Mrs. Emma Sorenson, while his parents are on vacation in Florida.

Mrs. Ring and family have vacated the Leonard property on Grand Ave., and last week moved to the Sand Lake schoolhouse, which has been vacant since consolidation of the school with Lake Villa. The Leonard property has been sold.

Mrs. Mary McGlashan returned home early last week from Condell hospital where she was a medical patient for a week.

Mrs. Jack Rhodes spent some time recently in Condell hospital at Libertyville for treatment.

The ladies of the Sewing Club enjoyed a luncheon and a pleasant afternoon with Mrs. Al Boehm at her home near Wedges Corners last Friday.

A movement is being started in Lake Villa township to provide a tax supported library and if the various civic and religious organizations, as well as private citizens who recognize the need for such an undertaking, should take a part, it may become a reality. The PTA under leadership of Mrs. Fred Bartlett, pres., is working hard for it, even though there is a very good school library, it is inadequate for the public especially for adult public.

Ronald Sonenberg, elder son of Mr. and Mrs. John Sonenberg spent last week at St. Therese hospital following an accident at the Grayslake Commercial Industries, where he was working in which he lost two fingers on his left hand. He is doing nicely at his home.

MILLBURN

Rev. L. H. Messersmith has chosen "News From the Stars" as his sermon topic in continuation of the Christmas theme.

Fifteen young people of High school age attended the quarterly meeting of members of Lake County Pagan Fellowship at Half Day church Sunday evening.

The Men's club met at the church Monday evening.

Those attending were Rev. and Mrs. Messersmith, Miss Vivian Bonner, Mrs. Theodore Engh, Mr. and Mrs. J. S. Denman, Mr. and Mrs. Leslie Bonner and Mr. and Mrs. Frank DeYoung.

Mrs. E. H. Edwards and Miss Eva Webb, of West Chicago, are spending a week at the Web Edwards home. Rev. Messersmith was guest of William Duncan at the International Stock Show Wednesday and attended a banquet at the Saddle and Stable Club at noon and the Oxford Breeders Association banquet at the Stockyards Inn in the evening, before attending the Horse Show later

in the evening. Mr. Duncan won many 1st prizes on his Oxford sheep in the various classes.

The Ladies Aid society met at the church Thursday with 85 people enjoying the baked ham dinner. Thirty ladies remained for the business meeting in the afternoon. In the election of officers, Mrs. Eric Anderson was elected president; Mrs. Minnetta Bonner 1st vice president; Mrs. H. M. Clark, 2nd vice president; Mrs. C. P. Weber, Sr., secretary and Mrs. Emmett King, treasurer.

Rev. Messersmith addressed the boys at Allendale school Sunday at 12:30.

The Couple's club will meet at the church Friday evening for a Christmas party.

Mrs. Wm. Thompson and Mrs. Curtis Wells, of Hickory and Mrs. Andrew Magiera, of Wadsworth, called on Mrs. Austin Savage Sunday.

Mrs. W. C. Upton is spending several days in Montello, Wis., where she was called by the death of her brother, John Wincel.

You KNOW this isn't safe . . .

And neither is defective wiring!

YOU wouldn't think of giving a child a loaded gun for a plaything. But you may have electrical appliances in your home that are equally dangerous. You can't always see the defective wiring in lamps, toasters, irons, or grills—the danger may lie in faulty inside wiring.

Be sure that appliances you buy are top quality. Have a qualified electrician check the appliances and electric cords in your home today. When you see a frayed extension cord—discard it and replace it with a new one of good quality. Watch for broken sockets and wall plugs. Have an electrician inspect your appliances—be on the alert yourself—and be safe!
